NASHOBA ASSOCIATED BOARDS OF HEALTH SHARPS COLLECTION PROGRAM

In an attempt to provide an inexpensive method to properly dispose of syringes and lancets (Sharps) the Nashoba Associated Board of Health has established the following program for its 15 member communities.

1. Fees per container:
 - a. \$5.00 (5 quart)
 - b. \$10.00 (10 quart)
2. Sharps containers will be available for purchase at your local Town Hall and the Nashoba Associated Board of Health (the purchase price covers the cost of disposal).
3. Sharps can only be accepted in approved containers; persons who bring loose sharps or sharps in unapproved containers (i.e. detergent bottle or coffee can) will be provided an approved container, as part of the disposal cost, and will need to transfer the sharps into that container before they can be accepted.
4. You will need to complete an informational label that gets affixed to the container prior to disposal to verify payment.
5. Listed below are companies that provide sharps disposal (this office does not endorse either of these companies; the information is provided for your convenience).
