Stone Farm potential litigation

Meeting opened at 8:32 PM

The members reviewed the letter from Stone Farm council regarding their position that the assessment of betterments for this development was not appropriate. After a brief discussion the following motion was unanimously approved:

“That a letter be sent to our council requesting that they review the Stone Farm letter and advise us on the validity of the claim, make a recommendation on how to proceed and/or that they prepare a draft response to send to Stone Farm. In any correspondence or communications with Stone Farm attorney the commission requested that a strong position should be taken that we do not agree with their claim and require all outstanding overdue payments be made immediately”

Meeting adjourned at approximately 9:00

Respectfully submitted,

Carl Luck  
Vice – Chair, Sewer Commission
