

## **LUNENBURG BOARD OF HEALTH MEETING MINUTES**

Monday, March 17, 2025

The Board of Health met at 4:30 pm at the Ritter Memorial Building

Members Present: Perry Jewell, Paul Fortin, Matt Proctor, Jim Garreffi and Jenna Montgomery- Nashoba. Also present Lorraine Rudd

### **395 Hollis Rd - Upgrade**

The septic system for this site is in failure. Soil testing was conducted which revealed sandy loam soils with high ground water (Estimated at 24"). The proposed design will utilize I/A technology (Presby enviroseptic). The owner has requested the following Local Upgrade approvals and Local Variances:

1. 310 CMR 15.405 (1) (i): the owner is requesting approval to use of a sieve analysis.
2. 310 CMR 15.405 (1) (j): The owner is requesting a reduction in inlet and outlet tees (12" required, 4" proposed).
3. Section 300-4.3: The owner is requesting a local variance from Lunenburg's local regarding the offset to groundwater. (4' required, 2' proposed offset to groundwater)
4. Section 300-4.16: The owner is requesting approval to use Innovative/Alternative Technology

After discussion and on motion by Proctor and second by Fortin the variances were approved. All in favor.

### **142 Whiting St.**

Per a reinspection by Cara Olejarz on 3/10/2025, several violations have been corrected. The next hearing date has been scheduled for April 11th, 2025
