Issue Date: 4/9/2021 Revision Date: 10/31/2021, 1/11/2022; 2/3/2022 Effective Date: 4/9/2021	Massachusetts Police Accreditation Standards Referenced: 41.1.3(a); 41.2.2; 41.2.3

I. POLICY

Vehicular pursuit of fleeing suspects can present a danger to the lives of the public, officers and suspects involved in the pursuit. It is the policy of the Lunenburg Police Department to regulate the manner in which vehicular pursuits are undertaken and performed and that vehicular pursuits are authorized when the need to apprehend a fleeing suspect in a motor vehicle outweighs the risk created by the pursuit.

II. PROCEDURES

A. Definitions

1. **Authorized Police Vehicle**: Any department-issued vehicle, the use of which is authorized by a superior officer, equipped with operable emergency warning equipment. For the purposes of this policy, an authorized police vehicle shall include marked and unmarked police cruisers only, and shall not include motorcycles, bicycles, animal control vehicles, prisoner transport vehicles, and other such police vehicles.
2. **Primary Unit**: An authorized police vehicle that is the first vehicle behind the pursued vehicle.
3. **Secondary Unit**: An authorized police vehicle that is actively involved in the pursuit behind the primary unit as backup.
4. **Supervisor**: The supervisor or command staff member in-charge of the pursuit.
5. **Vehicular Pursuit**: An active attempt by an officer in an authorized police vehicle, with emergency warning equipment activated, to apprehend one or more occupants of another moving vehicle, when the officer reasonably believes that the driver of the other moving vehicle is resisting apprehension by increasing the vehicle's speed, intentionally ignoring the officer, or otherwise attempting to elude the officer.

III. PURSUIT DECISIONS

- A. An officer may, within the posted speed, engage in a pursuit of any motor vehicle operating in conformance with posted speed limit and other traffic laws, under any circumstance justifying a lawful motor vehicle stop.
- B. No officer shall engage in a vehicular pursuit that requires the officer to exceed the posted or applicable speed limit or that involves a target vehicle operating in violation of the posted or applicable speed limit or other traffic laws unless the officer reasonably believes:
 - 1. That the continued operation of the vehicle or the occupant(s) of the vehicle the officer intends to stop poses a significant risk of physical harm to the officer, the public, or others; or
 - 2. That the occupant(s) of the vehicle is/are wanted for the commission of specific felonious acts involving violence that threaten, have threatened, or will threaten the health, life, or safety of a person or persons.
- C. For an officer to be authorized to engage in a vehicular pursuit requiring or involving the violation of the posted speed limit or other traffic laws, the officer should consider the following factors, when practicable: [41.2.2(a)]
 - 1. Severity of the crime/offense believed to have been committed;
 - 2. Nature and degree of the threat to public safety;
 - 3. Alternatives to the pursuit;
 - 4. Whether the identities of the occupants are known;
 - 5. Population density;
 - 6. Nature of the area;
 - 7. Officer's familiarity with the area;

- D. The supervisor shall continually reevaluate the need to continue the pursuit.
- E. The supervisor is vested with the authority to terminate the pursuit, at any time, especially when [s]he believes that the foreseeable risks to the pursuing officers and to the public, arising
